

# ORION KIBRET HAILE

## OBJECTIVE

I am a dedicated, a highly driven web developer who seek a challenging opportunity where i can fully use my skills. besides the undergraduate courses at UoG I am also experienced at web developing techniques and freelancing at upwork for almost a while now.

## EXPERIENCE

- **University of Gondar**

*2021 - Present*

Web-developer

I was really helpful to achieve the goal for building a big student-for-student community services web platform which are available on the local network of the university with my senior friends as a blogger and front-end designer, which is now becoming a model for other campuses in the country.

- **Upwork.com**

*2022 - Present*

Front-end web developer

So far i have been freelancing on upwork for a while and for the tasks which have been provided by clients, i fully used my skills alongside with my instructors and completed them impressively which got me a satisfied clients.

## EDUCATION

- **University of Gondar**

*2020 - present*

Computer Engineering

3.62
